

You are invited to an open house!

We have moved to an entirely renovated and updated building, and we want to introduce you to our outstanding new dentist!

Come see the new office and meet Dr. Jill Smith on **Thursday, November 2nd from 4-7 pm**; refreshments will be provided. We are now located at 622 N Burlington Ave., just 2 1/2 blocks SE of our old office.

Jill R. Smith, D.D.S.

We would like to welcome Dr. Jill Smith, the most recent addition to Sullivan Family Dentistry at our York location. She comes to the practice eager and excited to be back in a small town! She was raised on a farm outside of Elgin, NE and graduated from Pope John Central Catholic High School in 2009. She was awarded the RHOP Scholarship to Chadron State College, where she graduated with a bachelor's degree in Human Biology in 2013. Dr. Smith was then accepted into the University of Nebraska Medical Center College of Dentistry, where she achieved her Doctor of Dental Surgery degree.

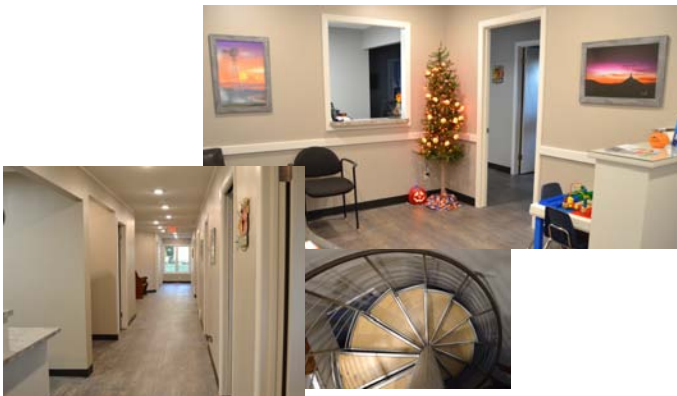

Dr. Smith comes to Sullivan Family Dentistry with a comprehensive education background, exceptional knowledge in her field, excellent leadership skills, and a drive to advance herself personally and professionally!

Dr. Smith absolutely loves to be outdoors in her spare time, doing about anything. Running, biking, yard work, working on the farm; she and her husband Kevin enjoy it all! She says, "I am SO EXCITED to be back in a smaller community to be involved in family-driven dental care, doing what I love, where I love it!"

We have moved to 622 N Burlington Ave.!

In an effort to give all of our amazing patients the best possible dental experience and the highest level of care, Sullivan Family Dentistry moved our office location this past February into our building at 622 N Burlington Ave (2 ½ blocks SE of the previous office on 8th St.).

Prior to moving back in, we completely renovated the existing office space, and have been expanding and updating ever since! We now have more efficient space and treatment rooms, as well as complete handicapped parking, accessibility, and facilities.

Everything about the office is brand new inside and out, which allows us to offer the latest technologies and equipment to provide state-of-the-art dentistry for our patients! **Come see us and the new space at our open house on Thursday, November 2nd from 4-7 pm.** If it has been awhile since your last visit, this would be a great time for you to give us a call and set up your next preventative care appointment. We look forward to seeing you and helping to Build Your Confident Smile for a Lifetime!
